# Working Diagram

# Specification

### Display

4.3 inch capacitive TFT touch color screen

### CPU

1.5Ghz 4 core processor

### Capacity

Face: 1,500 Fingerprint: 5,000

Card: 5,000 Logs: 500,000

### Identification method

Facial, Fingerprint, PIN code, Card

### Verification mode

1:N, 1:1

### Verification speed

<1 second

### Identification

FRR≤0.01% ;

FAR≤0.0001%

### Language

English, Turkish, Thai, Indonesian, Spanish etc.

### Communication

TCP/IP, USB, Wiegand in/out, RS485

### Environment

Operating Temp.: 0°C-45°C

Operating Humidity: 20%-80%

### Alarm mode

Defend, unlock and threaten

### Power Supply

DC12V/ 1A

### Weight

0.76KG

### Dimension

170 x 140 x 35 mm

### Function

50 Time Zone, Multi-verify Mode, T9 Input, Photo ID, Duress FP, Scheduled Bell, Sleep, Logs Query

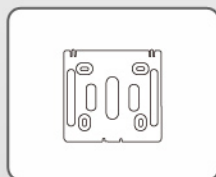

### Access Interface

Magnetic Lock, Door Sensor, Exit Button, Alarm
